

PREQUALIFICATION QUESTIONNAIRE

W.E. O'Neil
Construction Company
Of Colorado

229 Vallejo Street
Denver, Colorado 80223
Telephone 303.238.7900
Fax 303.462.2128

The foundation of W.E O'Neil Construction's success is based on strong subcontractor relationships. The strength of our subcontractor base in all of our regions reflects our company values of integrity, quality and teamwork. Many of our subcontractors participate in our preconstruction efforts and we rely on your expertise to ensure quality delivery to our owners.

We understand these forms can be cumbersome and time consuming to complete which is why our new system is based on the Industry Standard ConsensusDocs 721 prequalification form through Isqft. Please email us to request access to our prequalification form in iSqft. We will require this form to be updated annually at a minimum, but information will only need to be updated as Isqft will retain all previous information entered. If you have filled out this form for other general contractors through Isqft in the past the information should not require re-entry.

All information provided on your prequalification form will be strictly confidential and available only to upper management at W.E O'Neil Construction Co. of Colorado. The intent of our Prequalification process is to pair the right subcontractor or suppliers for the right projects that also meet our high financial, quality, and safety standards.

Should you have any questions or concerns with our prequalification process, please contact Donna Fink at 303-238-7900 or email at dfink@weoneil.com.
